

The renewal of your prescriptions: It's YOUR responsibility!

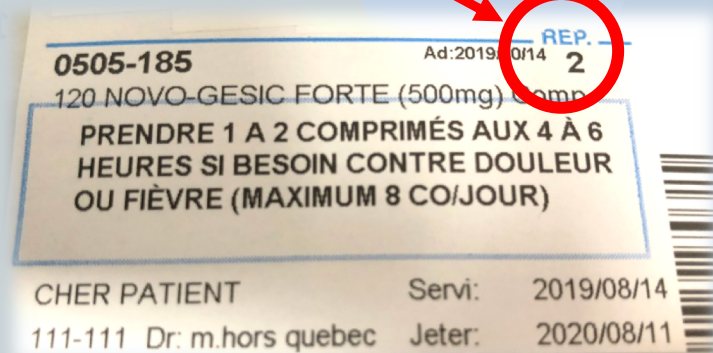

How to plan?

1- Schedule an **appointment with your doctor or nurse practitioner within two months before** the expiry of your prescriptions.

How do I know that I have two months left of medication? **Look at the labels.**

The number of renewals remaining for this prescription is 2...

Call your clinic for an appointment.

2- Go to your appointment with an updated list of medications for the doctor or nurse practitioner.
